December 2017

Working While We are Waiting

December finds us busy for the Lord. Whether it is sharing the Gospel with a lost soul, visiting with a pastor or church through either phone, print or in person or simply training my family as we prepare to embark on this next phase of the ministry, there is always plenty to be done! We were able to get several more items crossed off of our list this month of things that needed to be done before leaving.

Christmas with purpose

We had a great time with family during Christmas. Several of the gifts that we planned are practical for when we leave. I had bought my wife a 220 crockpot that we will be able to take with us. We had ordered converters and plug adapters and such things for items that will still require 110 volts.

Thankful for God's people

We are thankful for the calls from churches this month letting us know that we have their prayer and financial support. It is a tremendous blessing partnering with God's people for His kingdom business!

A special thank you to Greggton MBC for the money tree! The thought and prayer that had gone into this meant more to us than you can imagine!

Waiting on the FBI

I had called the FBI a couple of weeks ago to find out the status of our background checks as we had sent them out in September. They told me that they were just starting to open September's mail. They are saying now that the wait should be between 14 and 16 weeks from submittal. That would put it toward the beginning of January before we have them. We plan on using an expedited service to have them apostilled after we get them back as well as an expedited translation service. After we have these documents we can get our appointment with the consulate to get our visas. As soon as we have our visas we plan on purchasing our tickets!

I am glad that God is always right on time!
