March 2025

First ladies meeting of the year!

I am so thankful for my wife and her walk with the Lord! She is such a blessing to me! This month she had coordinated and realized the first ladies meeting of the year. Half of the ladies present were from our Wednesday night group and the other half from our Sunday night group with visitors. One of the ladies present plans on hosting the next meeting in her home next month and inviting friends. Please pray for each of these ladies and for the ones that they are inviting.

Electrical problems resolved

We were finally able to get an electrician to come out in order to rewire the whole house! The funny thing is that this electrician lived further away than the last one that said we lived "too far away"! He was able to put in a new breaker box and separate the house into more than one circuit. We are thankful that the wiring is now better in the house as it had been a concern for some time. There was one part that was slightly humorous. I handed him a new light fixture for the bad, worn out one that was on the back patio. When I checked on it later, he had replaced the one that was already in good condition and left the old one on the wall still.

"Crazy car problems" (part 3)

I am thankful for the Lord constantly providing for our needs. We have an appointment tomorrow for the car. It is having some issues with the electrical engine fan not shutting off when the car is turned off and running down the battery. Hopefully, they will have that part resolved in the next couple of days. After that is done we will still need to get the timing chain replaced. The car has continued to serve us well even if we have had some minor issues now and then.

Band and music classes started back up

Summer has ended and we are starting to have a few cooler days. At the end of March all of the kids classes have started back up. Elisabeth and Joanna while continuing to take violin lessons have added Saxophone and Trombone respectively. Jonathan and Elijah have continued to advance on Trombone and French horn. Music has been a great way to make contact with others.

Teaching second year Greek

We started up our Greek class that we are offering and have already had two classes. The students are really enjoying learning and all of the discussion that follows. It is a great blessing for me to be able to share in this way. We all need to seek and find various ways that we can be a blessing to those around us and encourage in the Lord!

Stacie's English class is about to start

Please pray for my wife as she is about to present her first class this week. Her heart has been on this outreach for quite a while as many people here are interested in learning English. She has about 9 people signed up so far that plan on being there on Friday for the first class. Please pray for her in this endeavor!

A couple of pictures from Wednesday night

A traffic jam at night when my wife was coming back from sitting with one of the ladies during the day at the hospital.

Thank you so much for all that you do!

Please Pray for
The Maness Family

I had put Elisabeth and Joanna over writing the hymn numbers on the board for Sunday night service. They find a new way to do it creatively each week!

Joanna showing off her memory verse

The cat planning her next move

The boys having a push up contest after our Wednesday night service!
